THAT NEW SCHEDULE

McMILLAN ADVISES CONFERENCE IN REGARD TO NEW P. E. SCHEDULE

Los Angeles, Cal., July 9, 1914.
File 521.3

Mr. O. A. Lane, President
Board of Trustees, Glendale, Cal.

My Dear Mr. Lane: Referring to call of yourself and Mr. Thompson at my office this morning in regard to statement made in my letter of July 7th to Mr. J. R. White, concerning the present schedule of cars and trains as between Glendale avenue and the northern part of Glendale and North Glendale, in which I confirmed what I said in a short talk in front of the City Hall on the afternoon of July 2nd, that the schedule referred to is more or less experimental, having been gotten up hurriedly, and I was afraid was not entirely satisfactory to the people of the northern part of Glendale, although it had been accepted as satisfactory to the city officials of Glendale:

I probably should have qualified this or explained my understanding of it to the effect that it was my understanding that it was satisfactory to the city officials of Glendale, because the president of the Glendale board of trustees had been in frequent conferences with both President Shoup and myself for three months or more prior to July 2nd, in our efforts to arrive at some satisfactory plan of operating the cars and trains to both sides or sections of Glendale; that is, the Glendale avenue section and the North Glendale section, and both Mr. Shoup and I very naturally supposed that the matter was being handled by Mr. Watson in the interests of all the citizens of Glendale, and we are satisfied that Mr. Watson thought it was being so handled. I know Mr. Shoup and I both did, and our efforts in the matter were entirely with the best of intentions and to that end.

The dissatisfaction which has arisen over the re-arrangement referred to was a surprise to us all; that is, the course that such dissatisfaction has taken.

That there may be no further cause for dissatisfaction, or, rather, misunderstanding between the different sections of Glendale, we believe the best possible way out of this dilemma would be for you to have a conference or series of conferences with the people, or their representatives, of the different sections, agree among yourselves as to what is best and most practicable to be done in the way of readjustment of the car service and schedules, then submit the same, and if it can possibly and practically be complied with, the Pacific Electric will readjust the Glendale line schedules accordingly.

Yours very truly,
J. McMILLAN,
General Manager.

SUNSET BEACH HAS REAL ESTATE BOOM

What experts predict will be the busiest season in the history of the south coast is now well under way. Activity is particularly marked along the coast south of Anaheim Inlet, where a new bridge is to be built at once as a part of the coast boulevard for which Orange county has just signed a contract.

Sunset Beach is particularly favored by these improvements, and the demand for lots here is said to approach the manifestations of a real estate boom. Many improvements at Sunset Beach are now in progress.

A special excursion to Sunset Beach is announced for Sunday, leaving the Pacific Electric station at 9:30 o'clock.

Sunset Beach has been called a children's paradise, because of the safety of the bathing, which is without an undertow.

Besides the fine beach, with a gentle slope that leaves a wide expanse of shallow water near the shore for the small children, there are miles of still water for canoeing and boating in the lagoon back of the beach.

Those interested in the Sunday excursion are requested to make reservations today if possible at the offices of the Wood Realty Company at 1211 West Broadway.

SUFFRAGE AND SALARIES

That equal pay for men and women occupying similar positions is a logical sequence of equal suffrage is evidently the belief of the majority of the members of the California High School Teachers' Association, who voted during their annual convention in Berkeley last week to demand that women teachers be paid as much as men who do the same class of teaching.

At the evening service Mrs. Hagin, our returned missionary from Japan, will speak on her work in that country. This will be most interesting. Give her a large hearing. Outside friends cordially invited.

RETIRED MINISTERS' PICNIC

The Retired Ministers' Association of the Methodist Episcopal church will hold a meeting at South Park on Tuesday, July 14. This meeting will take the form of a basket picnic and a very pleasant time is anticipated. All retired ministers and their wives, also widows of retired ministers, are especially invited and will be made welcome at this picnic.

LUNCHEON AT LA RAMADA

Mrs. Clem Moore of 1468 West Second street entertained Mrs. W. A. Smith and mother, Mrs. W. Clark, Mrs. Edward E. Chappella and Mrs. Horace G. Hosford at luncheon Friday, but instead of opening the doors of her home, Mrs. Moore took her guests to La Ramada, where a delicious noon meal was enjoyed out of doors beneath one of the thatched-roof arbors.

CHAMBER OF COMMERCE

INTERESTING SESSION OF THIS BODY IS HELD FRIDAY EVENING

The Glendale chamber of commerce now and then gets into a sleepy mood and the attendance at the regular meetings lags, but the attendance at Friday evening's meeting was good evidence that the members are not always asleep when live questions are to be brought before them for consideration.

The editor of the Glendale Evening News, without instructions from any of the officers of the chamber, purposely announced in Tuesday and Wednesday's issues of The News that municipal ownership of water in Glendale would be the main topic for discussion. The truth of the matter is that the water question is a real live issue in Glendale at the present time, and the Evening News thinks the chamber of commerce is the proper place to take up questions in which the city is interested. True, we do not always have the same opinions, but an intelligent exchange of ideas is not harmful at any time.

The meeting was called to order at 8 o'clock by J. N. McGillis, president of the organization. The minutes of the preceding meeting were read by the secretary, H. A. Wilson.

A resolution was presented by Mrs. Frank Grosvenor in behalf of the Glendale City Beautiful Association, asking that the city board of trustees be asked to order the planting of suitable trees on certain streets, and that said board also be asked to aid in defraying the expense of the work of making Glendale more beautiful in 1915. The resolution received the hearty support of the members present.

A. T. Cowan, chairman of the publicity committee, reported that the five thousand folders ordered by that committee are now in the hands of the manufacturers and will likely be ready for delivery early in August. He stated that the folder comprises twenty-two pages, postcard style. Seventeen pages are devoted to beautiful views of the city and five pages to reading matter descriptive of Glendale.

The report of the park committee was called for, but as M. P. Harrison, the chairman, was not present, and as the secretary did not have in his possession the resolution that had been tabled at the last meeting, a motion was made and carried that the park question continue to lay on the table.

J. C. Sherer, a member of the transportation committee, said so far as he could learn the east side railroad project is moving along satisfactory to those concerned and had noticed that the P. E. cars are now making regular runs up Broadway as far east as Glendale avenue.

W. W. McElroy, a member of the highway boulevard committee, reported that he had made several attempts to get in touch with the Los Angeles boulevard committee, but up to the present he had failed to meet them.

E. U. Emery, president of the water committee, reported that the question of municipal ownership of water is being placed before the people in the form of a bond election, which will be held July 21.

On the question of an independent postoffice for Glendale, A. T. Cowan, chairman of the committee, reported that correspondence is being carried on between citizens of Glendale and Congressman Charles A. Bell of Washington, D. C.

Mr. Gilmore, representing the Carpenters' Union of Glendale, appeared before the chamber in behalf of the Union, and asked the co-operation of the chamber of commerce. The chair appointed the following committee whose duty it is to learn as to the conditions of the Union and report back to the chamber of commerce: H. Nelson, Mr. Doyle and G. B. Woodberry.

The business of the chamber of commerce now being completed, it was suggested that the question of municipal ownership of water be taken up for discussion. There was a difference of opinion among the members as to the advisability of discussing this question in a regular meeting. It was very evident that many people had come to the meeting for the purpose of gaining light on this question, so someone very wisely made a motion that the chamber adjourn, explaining that those present might remain and organize a mass meeting. Therefore, the chamber of commerce adjourned.

The mass meeting elected Mr. McGillis chairman and H. A. Wilson secretary, and on motion the water question was taken up for discussion, an account of which meeting appears elsewhere.

WATER MASS MEETING

PROPOSITION IS DISCUSSED AT MASS MEETING AFTER CHAMBER ADJOURNS

After the adjournment of the chamber of commerce at the intermediate school Friday evening, there was a mass meeting held for the purpose of discussing municipal ownership of water in Glendale.

As every citizen of Glendale is well aware, there has been considerable complaint about inefficient water service in some parts of the city. Almost a year ago the chamber of commerce appointed a committee who after due consideration made a report back to the chamber of commerce advising that a mass meeting be called.

The mass meeting was held August 29th. Col. Tom Thornton was chairman. A committee of eleven was appointed at that meeting with instructions that said committee was to go over the water situation and then at a future date report back to a mass meeting. From August 29th to December 12th, the date of the second mass meeting, was spent in making investigations by the committee and an engineer paid by the city. The Glendale Evening News published all reports from the engineer and all important data gathered by members of the committee.

The committee at the mass meeting December 12th recommended that the city trustees be instructed to request the state railroad commission to fix a valuation on the stock of the four water companies doing business in Glendale. The recommendation of the water committee was concurred in by the mass meeting.

At the next meeting of the city trustees representatives of the water committee appeared before the board conveying the instructions of the mass meeting.

The board through the city attorney proceeded at once to call the railroad commission's attention towards conducting a hearing as to the valuation of the four water companies. The railroad commission fixed the date of hearing early in March. Prior to that date the commissioners' engineer spent several weeks going over the water conditions in Verdugo canyon, the reservoirs, the wells, the pipe lines, the meters, hydrants, etc.

The first day of the hearing was conducted in the city hall, Glendale, under the direction of Railroad Commissioner Eshleman. The main witness was Mr. Clark, who is the railroad commission's engineer. He reported the value of the reservoirs according to location, dimensions and years of service. He reported the value of the pipe according to the quality and years of service. Considerable of it was classified as junk.

City Attorney W. E. Evans represented the city and the various water companies were represented by their corporation attorneys. The hearing of that day was adjourned until a later date in Los Angeles, when the taking of evidence was completed. A few weeks after the final hearing the railroad commission furnished the city trustees with an exhaustive report of their findings, which report was published in full in the Glendale Evening News.

The city trustees through their clerk notified the water committee of eleven that the railroad committee had completed its work. The committee of eleven then called a third mass meeting, at which time the city trustees were instructed by a vote of two to one to instruct the city trustees to call an election that the citizens of Glendale might have an opportunity of voting for or against bonding the city for an amount of money necessary to purchase the four water systems.

The board of trustees in obedience to the instructions of the mass meeting, has called a bond election to be held Tuesday, July 21.

It was on the question as explained above that Friday evening's discussion was carried on.

Those speaking in favor of municipal ownership of water as proposed by the ordinance calling the bond election were G. B. Woodberry, J. F. Lilly, H. Nelson, C. D. Lusby, Mr. Loveless, A. T. Cowan, E. U. Emery, J. C. Sherer, W. E. Evans and Owen Emery. Those speaking in opposition were John Robert White, Jr., and E. L. Payne.

The point argued mainly by the opposition is that there is not sufficient water included in the purchase to be worth the money asked for it. W. E. Evans in behalf of municipal ownership made it very clear that according to the established value of water in other parts of the state, the $20,000 which is proposed to be paid the companies for water is not at all exhorbitant. There were many details entered into and figures given by both sides that cannot be given accurately at this time. The columns of The News are open for intelligent discussion from both sides of the question.

MRS. TOLL ENTERTAINS

EXECUTIVE BOARD OF P. T. A. FEDERATION ENJOYS SOCIAL AFTERNOON AT TOLL HOME

If all the Parent-Teacher Federation and association meetings for the coming year are as delightful and interesting as was the social afternoon enjoyed by the executive board of the P. T. A. Federation at the home of the Federation president, Mrs. Charles H. Toll, 1635 Kenneth road, on Friday, then in the words of a prophet, a splendid year will be the result.

Informality and a truly "know one another" atmosphere prevailed and was mingled with a short and wholly pleasing program that was opened by a few gentle and imploring words for harmony by the gracious hostess, who in her usual charming manner always says the right thing at the right time.

Mr. Richardson D. White, supervising principal of the intermediate school, spoke briefly on the establishing of kindergarten work in the Glendale public schools.

Miss Ruby Dale gave a very interesting and enlightening talk on the subject of music in the public schools, revealing with her ideas many new facts.

As always, Mrs. Wayland Brown delighted her hearers with a reading of "The Selfish Giant," the incidental piano accompaniment by Mrs. E. V. Lawton having been not only beautiful, but particularly adapted to this pretty little fairy tale.

Other bits of interest were discussed and the following committee was appointed to investigate into the financial standing relative to establishing kindergarten work in the public schools: The Rev. E. H. Willisford, Mrs. R. W. Meeker and Mrs. Arthur C. Brown.

Delicious refreshments and a cooling drink were served before the attractive flower-adorned home was deserted by Mrs. J. F. Padelford, Mrs. E. S. McKee, Mrs. C. E. Huntchinson, Mrs. L. W. Sinclair, Mrs. C. M. Nichols, Mrs. W. E. Edwards, Mrs. Arthur C. Brown, Mrs. C. W. Ingledue, Mrs. A. H. Wightman, Mrs. L. H. Johnson, Mrs. G. D. Roach, Mrs. H. G. Hosford, Mrs. W. A. Burns, Mrs. G. H. Morton, Mrs. W. S. Carmichael, Mrs. G. G. Lemon, Mrs. Edward H. Tuttle, Mrs. Pierre V. Potter, Mrs. J. E. Bassett, Mrs. L. W. Bosserman, Mrs. R. W. Meeker, Mrs. C. W. Houston, Mrs. L. W. Truitt, Mrs. E. M. McClure, Mrs. C. D. Lusby, Mr. and Mrs. R. D. White, Prof. George U. Moyse, the Rev. E. H. Willisford, Miss Eva Daniels, Miss Annie L. McIntyre of Glendale, Mrs. J. E. Stanton of Eagle Rock, and Dr. Jessie A. Russell, Mrs. Alex Mitchell, Mrs. E. D. Yard, Mrs. John G. Hunchberger, Mrs. A. C. Anderson and Mrs. N. C. Kelley, who assisted Mrs. Toll during the afternoon.

AFTERNOON OF CARDS

Harmonious tints in the pastel shades were lavishly displayed in the home of Mrs. Herman Paine, 109 South Maryland avenue, Friday afternoon when as a suitable setting for a beautiful card party, carnations, roses, hydrangeas and ferns were effectively arranged about the rooms in which the small tables were placed.

Auction Bridge and Five Hundred were the chosen diversions. Prizes awarded for these games fell to Mrs. R. E. Hewes and Mrs. D. H. Smith, holders of highest and lowest auction scores, and to Mrs. Edwin Hill and Mrs. J. Sumner Quint, holders of similar Five Hundred scores.

Iced punch refreshed the players during the afternoon that was brought to a delightful close by the serving of an elaborate afternoon luncheon at the card tables.

Those who enjoyed Mrs. Paine's charming hospitality were Mrs. William Austin of Kansas City, Mo.; Mrs. F. H. Perine and Mrs. W. Leet of Oneonta Park; Mrs. R. E. Hewes, Mrs. Edwin Hill, Mrs. Leigh Bradley, Mrs. K. R. Bradley, Mrs. S. McArthur, Mrs. F. Sumner Quint, of Los Angeles; Mrs. V. Price Brown, Mrs. A. W. Beach, Mrs. C. O. Pulliam, Miss Myrtle Pulliam, Mrs. H. H. Faries, Mrs. Everitte Barnes, Mrs. Thomas Atkinson, Mrs. D. H. Smith, Mrs. J. Herbert Smith, Mrs. McMasters, Mrs. Frank B. McKenney, Mrs. Charles Shattuck, Mrs. J. W. Nethery, Mrs. Willis M. Kimball, Mrs. C. H. Woolsey, Mrs. C. M. Goode, Mrs. O. E. Clemens and Mrs. A. E. Buchanan of Glendale and Tropico.

Mrs. Paine was assisted in entertaining by her mother, Mrs. Buchanan.

ORDINANCE NO. 236

AN ORDINANCE OF THE CITY OF GLENDALE CALLING A SPECIAL ELECTION TO BE HELD IN THE CITY OF GLENDALE ON THE 21ST DAY OF JULY, 1914, AND SUBMITTING TO THE QUALIFIED VOTERS OF THE SAID CITY THE PROPOSITION OF INCURRING INDEBTEDNESS FOR THE ACQUISITION AND CONSTRUCTION OF A CERTAIN MUNICIPAL IMPROVEMENT, PROVIDING FOR THE ISSUANCE OF BONDS THEREFOR, SUBDIVIDING THE CITY INTO ELECTION PRECINCTS, DESIGNATING THE POLLING PLACES AND APPOINTING ELECTION OFFICERS FOR SAID ELECTION.

WHEREAS, the Board of Trustees of the city of Glendale at its regular meeting held on June 22nd, 1914, by a vote of more than two-thirds of all its members duly passed and adopted a resolution determining:

That the public interest and necessity demand the acquisition and construction by the city of Glendale of a certain revenue producing municipal improvement and utility, to-wit:

Water works and system for the purpose of supplying water to said city and its inhabitants, including lands, water rights, rights of way, reservoirs, distributing lines, pipes, pipe lines, conduits, aqueducts, hydrants, meters, machinery, equipment, apparatus and all other things required to provide a complete water works and system for said city.

That the estimated cost of said municipal improvement and utility is Two Hundred Forty-eight Thousand ($248,000) Dollars, and is and will be too great to be paid out of the ordinary annual income and revenue of the municipality. Said improvement would require an expenditure greater than the amount allowed for the same by the annual tax levy; and whereas said resolution was duly signed and approved by the President of the Board of Trustees of the said city on the 22nd day of June, 1914, and was attested and certified to by the city clerk and was duly published on the 23rd day of June, 1914, in the Glendale Evening News, a daily newspaper, printed, published and circulated in the city of Glendale;

NOW, THEREFORE, the Board of Trustees of the city of Glendale do ordain as follows:

SECTION 1. That a special election be held and the same is hereby called to be held, in the city of Glendale on Tuesday, the 21st day of July, 1914, for the purpose of submitting to the qualified voters of said city the proposition of incurring indebtedness and issuing bonds of said city in the amount hereinafter set forth and for the purpose set forth in said resolution, and hereinafter stated.

SECTION 2. That the objects and purpose for which said indebtedness is proposed to be incurred and bonds issued therefor, are as follows, to-wit:

The acquisition and construction by the city of Glendale of a certain revenue producing municipal improvement and utility, to-wit: Water works and system for the purpose of supplying water to said city and its inhabitants, including lands, water rights, rights of way, reservoirs, distributing lines, pipes, pipe lines, conduits, aqueducts, hydrants, meters, machinery, equipment and apparatus and all other things required to provide a complete water works and system for said city, is Two Hundred Forty-eight Thousand ($248,000) Dollars; that the amount of the principal of the indebtedness to be incurred therefor is the sum of Two Hundred Forty-eight Thousand ($248,000) Dollars, and that the rate of interest to be paid on said indebtedness shall be five (5%) per cent per annum, payable semi-annually; that if the proposition for incurring said indebtedness for said purpose so submitted at said election receives the requisite number of votes, to-wit: Two-thirds of the votes of the qualified voters voting at such election, bonds of said city in the amount of Two Hundred Forty-eight Thousand ($248,000) Dollars shall be issued and sold for the purpose of acquiring and constructing said municipal improvement and utility; both principal and interest of said bonds shall be payable in gold coin of the United States of the present standard weight and fineness.

SECTION 4. The polls for said election shall be opened at six o'clock on the morning of the day of election, and shall be kept open until seven o'clock of the afternoon of the same day, when the polls shall be closed, except and provided, however, that if at the said hour of closing there are any voters in the polling place, or in the line at the door thereof, who are qualified to vote, and have not been able to do so since appearing, the polls shall be kept open a sufficient time to enable them to vote. But no one who shall arrive at the polling place after seven o'clock in the afternoon shall be entitled to vote, although the polls may be open when he arrived.

The ballot to be used at said election shall be printed substantially in the following form:

ALL DISTINGUISHING MARKS OR ERASURES ARE FORBIDDEN, AND MAKE THE BALLOT VOID.

If you WRONGLY STAMP, TEAR or DEFACE THIS BALLOT, return it to the inspector of the election and obtain another.

Shall the City of Glendale incur a bonded debt of Two Hundred Forty-eight Thousand ($248,000) Dollars for the purpose of acquiring and constructing a water works and system to supply water to said city and its inhabitants?	YES

The famous drum corps of Los Angeles will attend and give a program of patriotic airs. Several prominent G. A. R. men of the Southland will attend. Miss Cora Hickman, Mrs. Mayme Pollock and Mrs. Adelaide H. NEEDLEWORK AND SOCIAL HOUR PLEASES MANY

With Mrs. Victor E. Skiles, Mrs. Frank Showalter, Mrs. William Turner, Mrs. Kenton Robertshaw, Mrs. Harry Flower, Mrs. Jacob Flower, Mrs. Hatch Lord, Mrs. R. Langford and Mrs. William Prendeville as representatives of the Young Married Women's Club, a most enjoyable afternoon was spent Thursday in the home of Mrs. John Adair Peebles, 724 Belmont street.

Roses of pink and hydrangeas of both pink and blue enlivened the home and were prettily arranged in both floor and table jardinieres and vases. The refreshments served by the hostess, who was assisted by her sister, Miss Alice Watson, also carried out the pink motif and added greatly to the informality of the affair.

The next meeting of the club, which falls on Thursday, July 23rd, will be an all-day picnic and Kensington at Verdugo park instead of an afternoon party in a private home.

TOOT OF HORN RINGS FORTH IN WEDDING BELLS

Whether it was the mountain air or the scenery, we know not which, but anyway, the toot of the horn, attached to the automobile in which the Misses Martha Thede, Mary Tarr and Messrs. Alex McDonald and Fred Tarr, all of Glendale, motored to Santa Barbara on a pleasure trip last Saturday is ringing clear with the tuneful sound of wedding bells, said bells having been rung at dusk on Monday evening by the justice of the peace at San Luis Obispo.

Although Miss Tarr and Mr. McDonald were engaged, the announcement of their marriage comes as a great surprise, as July 29th had been set for the festive occasion. As for Miss Thede—oh, kindly pardon, Mr. and Mrs. Fred Tarr—no one, not even the families, knew that sentiments of any kind were being cherished. However, what is done cannot be undone, so when this merry throng comes breezing home in their bridal robes of khaki on the morrow, paternal blessings and hearty congratulations will be showered upon the young benedicts and their happy brides.

YOU CAN COMBINE PLEASURE AND PROFIT TOMORROW

Hoopes & Rue, the local agents for Seal Beach, say that they will have one of the biggest crowds of the season at Seal Beach Sunday. There are a couple of large picnics scheduled for this popular playground and there will be a lot of Glendale people leave in the special car for Seal Beach at 9:45 Sunday morning at the corner of Broadway and Brand boulevard, Glendale. The city of Glendale gets considerable advertising at Seal Beach each Sunday, as the Glendale Municipal Band furnishes the music at this popular resort and the members have received many compliments in regard to their playing. Seal Beach is recognized as the fastest growing little beach town on the coast and many Glendale people own property in this new Bay City.

CONVICTS TO BE RETURNED

LOS ANGELES, July 10.—Two convicted murderers, Ralph Fariss and Louis Larson, will be brought from San Quentin to Los Angeles next week to be sentenced the second time to death.

Fariss held up the Sunset Express at El Monte December 1 last, and shot and killed H. E. Montague. He was captured in San Francisco and confessed. Larson was found guilty of killing his wife in the Verdugo foothills June 23, 1913. He denied the crime. After his conviction and the night he was leaving for San Quentin he confessed.

The cases of Louis Bundy, 18 years old, who killed Harold Ziesche, 16 years of age, and Burr Harris, who slew Mrs. Rebecca P. Gay, are now awaiting the decision of the supreme court. Judge Craig said on Wednesday that he will sign the order Monday to have Fariss and Larson brought back.

BIG DEAL PENDING IN NORTH

W. F. Deardurff of the real estate agency of Deardurff, Eshom & Ward, left Glendale Friday morning with an auto load of Los Angeles capitalists for San Francisco, where they have a deal pending on a 26,000-acre ranch.

Reaves Eason, an actor, who was hunting on San Miguel Island with a party of friends, fell over a cliff and rolled to the water's edge where he was found by a searching party in time to save him from the rising tide.

MISSIONARY MEETING

The Christian Woman's Board of Missions met Thursday afternoon at the home of Mrs. J. P. Alexander, 642 Acacia street, and during the afternoon, which concluded with refreshments, a splendid program of music and short talks was greatly enjoyed by the thirty ladies present.

I WANT A NEIGHBOR

Just north of my home at 128 S. Louise there is a vacant lot, 62½x150, which I control. You can build a bungalow with broad lines upon a lot of this size and not run the risk of having your neighbor's bathroom too close for comfort.

I want someone who appreciates a beautiful location to build on this lot.

The lot is clear of weeds, has new trees started, is close to both car lines, and has a 20-foot alley in the rear. Every householder in the block on this side of the street owns more than 50 feet of frontage. This gives a more spacious appearance to the block—a distinction possessed by no other block in this vicinity. There are a number of fine old oaks in this neighborhood, adding picturesqueness to the scene. Everybody in our block owns his own home. It is an ideal location for a home.

I am prepared to make someone a mighty good deal on this lot and will help finance the building operations as well.

BEING TRUE TO NATURE

The lady had been out shopping. She returned home with a handsome sable scarf. As recorded in London Opinion, she remarked to her sister, who was admiring the purchase:

"That stupid salesman tried to get me to buy a fur with two heads. I cannot tolerate the unnatural in anything. Who ever heard of an animal with two heads?"

Her sister looked critically at the scarf. Then a smile of amusement lit up her face.

"Yes," she remarked, "you didn't buy a fur with two heads, but you have bought one with thirteen tails."

GOATS TO COMBAT FIRE MENACE

Eight hundred goats will be turned loose on the mountains north of Pasadena this summer to keep the fire breaks and mountain sides free of inflammable vegitation. R. H. Charlton, supervisor of the Angeles forest reserve, has contracted for the services of an immense herd of goats owned by an Arizona man. The first shipment of Billies and Nannies is expected to arrive August 1.

P. T. Keenan, government fire agent in Pasadena, has been requested to notify Charlton how many goats he will need to keep the greasewood, manzanita, yucca and other goatish tidbits well cropped. Keenan believes that at least one-fourth of the entire herd should be detailed to combat the fire menace in this vicinity. If his recommendation is adopted, the balance of the herd will be distributed in the mountains from Monrovia on the east to San Fernando on the west.

Goats have been used with success in Arizona and Nevada in clearing the mountains of dry vegetation, but this will be the first time that the experiment has been tried in this state. According to Keenan, a goat with a good healthy appetite is capable of grazing over several hundred square feet of a mountainside in a day and eating all of the vegetation.

Italian goat herdsmen are to have charge of the flocks on the mountains. It has not been decided where the folds will be located, but it is supposed that they will be situated on clearings. The herd is said to have been insured before the owner would consent to allow them to be moved. This is necessary in order to protect the owner against loss. In Arizona he is said to have lost a great many goats as a result of hunters. Goat hunting is said to be almost as exciting as deer hunting.

Keenan expects to receive word from Charlton within a few days as to the date of the arrival of the herd. Speaking of the goats, Keenan said he believed that the innovation would be a success and that one goat would be able to clear off more brush and other vegetation than two laborers.

"I know of no reason why the goats should not be a big success," declared Keenan. "I understand that they have been used with success in Nevada and Arizona. They can subsist on greasewood and get fat and they are so strong and hardy that it is seldom that one is injured. I expect to hear from the forest service authorities within a few days as to the arrival of the herd."

FIVE BIRTHS EVERY HOUR

Every twelve minutes there was a babe born in California during the year 1913, according to the state bureau of vital statistics. Deaths came at the rate of one every fourteen minutes and every seventeen minutes a couple were married. It is shown by the data that there were 43,852 births, 38,599 deaths and 31,383 marriages last year. Thus the stork ran first, grim reaper second, and Cupid got tangled in his bow and arrows and pulled in third.

THE DOCTOR SAYS

"AVOID HEAVY FOODS DURING WARM WEATHER"

It has been the experience of almost everyone that overeating, or indulging in rich or heavy foods during the hot summer months, causes sluggishness; even if permanent injury is not the result.

To feel bright and well in warm weather, keep the blood cool by proper dieting. We do not mean by this that you are to deny yourself nourishing food, for it is during this period that most nourishment is needed; but avoid heavy, sticky foods; and eat very little meat.

There is a prepared breakfast food called "FORCE" that the makers claim is the "best balanced" food for hot weather that it is possible to produce. "FORCE" is made from whole wheat, scientifically cooked, and blended with barley malt; then rolled, toasted and flaked.

If you want a delicious breakfast dish, try "FORCE" with berries and cream. Not only delicious, but satisfying. Sustains and nourishes. Don't worry about the children not eating enough—give them "FORCE." It's good for them and they'll like it. For sale by most good grocers.

PENNSYLVANIA CHILD LABOR

Pennsylvania, the second wealthiest state in the Union, depends for part of its prosperity and supports a portion of its millionaries on the labor of fifty thousand children between the ages of fourteen and sixteen years. Paul Furman, president of the Pennsylvania Child Labor Association, told the Federal Commission on Industrial Relations that a bill to prevent such exploitation of childhood had been passed by the lower house of the Pennsylvania legislature and amended into innocuous desuetude by capitalistic interests in the senate.

"Don't you have the initiative here in Pennsylvania?" asked Commissioner Harris Weinstock of California.

"No," was the answer, "we do not."

"Well, then," said Weinstock, "I think that you had better benefit by the example of the state of California and get it right away."

No California legislature, however reactionary that body may occasionally become, can prevent the people from voting upon laws they wish to consider. Nothing but apathy or wilful ignorance on the part of the people can excuse the existence of any recognized evil curable by legislation.

To that extent California is civilized and Pennsylvania is uncivilized. —San Francisco Bulletin.

RUSH OF THE UNEMPLOYED

Hail to the unemployed! They heard the cry from the wheat fields of Kansas and Missouri to "come over and help us," and nearly eighty thousand men answered the call.

Some people said they didn't want to work; they only pretended to. Some of them didn't; but the thousands went and overcame the demand with the supply and saved the wheat crops of the West. After this, don't say the unemployed don't want work without giving them the opportunity. And what good this experience will do the workers! New scenes, new people, pure air, live food, clean beds, getting acquainted with the big world and the people in it. It is like sending the oxygen down through the arteries and making them tingle with delight.
